It's Back! App Inventor (Grades 4-8)

You don’t need to be a professional developer to create mobile apps! MIT App Inventor is a program for creating mobile applications (apps) for the Android operating system. This program will allow you to plan and make an app by building blocks of code together to create a working app for your Android device. Students should have access to an Android-based smart phone or tablet and may be asked to bring those to class. They may be required to download a driver to their device. Students will need to have a free Google account to use App Inventor.

610 2:10-3:30pm Aron Blanke

New Marker Art

Drawing with markers is awesome! Markers are simple to use, require little prep time and dry quickly. Because the marking material is fluid, the smooth marks are unlike those made by dry drawing mediums. Drawing with markers will offer you a range of brilliant colors to create beautiful drawings and cards and design lettering that will surely excite your creativity.

CFKD:705 | $52
Grades 4-8
609 9:30-10:50am Adrienne Rosen
610 11am-12:20pm Adrienne Rosen

The Science of Dye and Wool

Let’s learn about dyes and the chemical processes that add color to cloth! Learn new dye techniques and the science behind them. We will dye with ice, fiber reactive dyes, indigo dye and Kool-aid. We will also dye the wool to make felted geodes. You’ll dye a t-shirt and two bandanas as well as making the felted geodes.

Grades 4-8
600 12:40pm-2pm Nicole Ottwell

Video Game Creation with Scratch (Grades 4-8)

Create your own video games, interactive stories, animations, music and art with Scratch! Scratch is a programming language created at MIT that makes it easy to make your own digital creations and even share them on the Web. As you create and share Scratch projects, you will learn important mathematical and computational ideas while also leaning to think creatively, reason systematically and work collaboratively.

605 2:10pm-3:30pm Jerry Bearden

Re-Action Science

It is reloaded and retooled so get ready for Re-Action Science. We will go to the air with wet and wonderful water rockets. Be prepared to get wet and muddy so dress appropriately.

CFKD:71 | $33
Grades K-3
602 12:40pm-2pm Joseph Higgins
603 2:10pm-3:30pm Joseph Higgins

Gardens Level is Completed Grade as of June 2016.

Students may elect to go down one grade level for class selection. Fees quoted include materials/supplies.
COURSES

New Share-Worthy Video Production (Grades 4-8)
Do you want to create fantastic videos worthy of going viral? Whether you are using Vine, Instagram, Facebook or YouTube this class will give you the tools to make your videos engaging and interesting but also standout from the rest! This class will introduce you to traditional video editing techniques and/or tips and tricks to use the apps already loaded on your mobile device. If you have a mobile device, please bring to class. If not, don’t worry, we’ll work online. Class includes a flash drive for saving video content.
CFKD:714  |  $55
601  11am-12:20pm   Jerry Bearden  
600  9:30am-10:50am   Jerry Bearden  

3D Game Design (Grades 4-8)
Learn fundamental programming concepts in the context of creating animated movies and simple video games with an innovative 3D programming environment called Alice. Alice makes it easy to create an animation for an interactive game, or a video. In Alice, 3-D objects populate a virtual world and students create a program to animate the objects by manipulating the objects in their virtual world, students gain experience with all the programming constructs typically taught in an introductory programming course.

New Mechanical Robotics: Low-tech, Robot Arm Build (Grades 4-8)
Did you ever wonder what it would be like to have a bionic arm? In this class, you will create a low-tech, robotic arm using common materials with ideas based on simple machines. You will be provided with specific materials to design and build your working, mechanical arm. You will explore design, construction, the concept of teamwork, materials selection and use. You will start by thinking “outside-the-box” and drawing sketches. Designs prior to construction. On the last day of class, the resulting mechanical arms will be tested and evaluated for range of motion and satisfaction of other specific criteria.

Grade Level is Completed Grade as of June 2016. Students may elect to go down one grade level for class selection. Fees quoted include materials/supplies.
Learn the Guitar
Students will learn basic theory, how to read easy basic guitar music and play basic guitar chords. Students will play individually and in groups during class. Students must bring their own acoustic guitar to class. Daily practice is helpful in learning how to play guitar. Guitars should be marked with masking tape with name on it. Guitars can be stored in LH 103 during the day.

CAMP:737 | $54
Grades 1-3
600 11am-12:20pm Christina Springer
MC - SW, 210

CAMP:737 | $56
New Beat the Bucket (Grades 4-8)
Students will learn how to read basic music -notes and rhythms, improvise and keep a beat on a bucket! The class will include a bucket and one pair of sticks, but extra sticks may be required.

CAMP:737 | $56
Grades 4-8
603 12:40pm-2pm Cindy Mack
MC - SW, 210

Crafting Your Mind with Minecraft
Minecraft is a true phenomenon and gamers will create, mold and paint a habitat for your animal with clay as you mold your favorite animals. Then you'll learn how to craft items and work together collaboratively to solve problems using strategy, research and practical information. You will simulate idyllic worlds, explore, collect resources, and then build structures.

CAMP:704 | $50
Grades 4-8
601 11am-12:20pm MC - SW, 210
603 12:40pm-3:40pm HE, 127
604 9:30am-10:50am HE, 127
602 12:40pm-2pm HE, 127

Kids Create: Clay Critters (Grades K-4)
Learn basic techniques for working with polymer clay as you mold your favorite animals. Then construct, mold and paint a habitat for your critters. A favorite class for all!

CAMP:704 | $50
Grades K-4
604 2:10pm-3:30pm Cindy Mack
SS, 107

NEW Out of this World Crafting (Grades K-3)
Spark your imagination with a space journey using everyday materials to create projects from our galaxy and beyond! Class is hands-on. Bring a toy shirt or apron.

CAMP:702 | $50
Grades K-3
601 9:30-10:50am Joseph Higgs

606 11am-12:20pm SW, 105

Jewelry Making 101 (Grades 3-5)
Making your own jewelry is so on trend! What better way to express your personality that to create your own wearable works of art! Projects will include a necklace, bracelet, and earrings and maybe more.

CAMP:701 | $53
Grades 3-5
601 2:10pm-3:30pm Show Chang
SW, 105

The Folding Phenomenon: Origami! (Grades 2-8)
Learn 2D/3D transformation with Origami! Origami is the Japanese word for paper folding. It is an art form that has been handed down from parent to child through many generations. In this class you will learn to make animals, toys, puppets and so much more!

CAMP:701 | $53
Grades 2-8
603 12:40pm-2pm SW, 105

Nifty Knitting & Crocheting: Yarn Creations (Grades 2-8)
Be en vogue! Knitting and crocheting are the latest must-do past times. Learn how to use a knitting loom, how to single stitch crochet and even finger crochet. You will create a scarf and get to choose from other small crochet projects. Join us for some hands-on instruction and fun.

CAMP:702 | $49
Grades 2-8
600 11am-12:20pm Cindy Mack
SS, 107

It's Back! Home Alone (Ages 9-14)
This 6.5-hour course teaches children, ages 9-14, to be more aware of potential dangers they could face when home alone, as well as teaching responsibility for personal safety and well being. Topics include: keeping your house key safe, door safety, dealing with fires & gas leaks, phone & internet safety, how to get help, and other safety-related topics. Parents are invited to attend the last class for the family communication lesson.

CAMP:714 | $50
Grades 9-12
600 9:30-10:50am Stephanie Bearden
SS, 208

Junior Doctors & Vets: Dissection
Put on your aprons and gloves and get ready to explore the inside structures found in several different specimens. Each day we will dissect a different subject including a shark, frog and snake. You’ll learn how to use dissection equipment properly and to identify the organs.

CAMP:706 | $55
Grades 4-8
602 12:40pm-2pm Jeanne Schulte
SS, 105

Babysitting Certification (Grades 4-8)
Learn how to be super sitter! You’ll learn the business of sitting, safety and accident prevention, baby diapering and feeding, and toy and game ideas for children. You’ll look at preventing accidents; caring for everyday bumps, bites or bruises; and handling an emergency. In addition, you’ll learn all about choking, fire safety (stop/drop/roll), and stormy weather preparedness. Magical Mystery Camp (Grades K-4)
What do you get when you combine theater and magic into one camp? Introducing Magical Mystery Camp! Learn new magic tricks each day and treat your parents to a nightly show! Campers will weave their tricks into a mystery show, which they will create and perform on the last day for their families! In learning magic, theater and improv, your child will develop their presentation skills and confidence—while having a lot of fun in the process!
CAMP:718  $55
600  11am-12:20pm  SW, 208

Amazing Balloon Creations (Grades K-4)
You won’t believe how much fun you can have with balloons! You’ll learn to twist many different animal balloons, you’ll master yo-yo balloons, learn the secret to bouncing a balloon high off the floor, launch a rocket balloon and a flying saucer balloon. Take home your balloon creations each day! In learning balloon art, students will do some reading and jot notes in their balloon notebooks. So in addition to learning balloon creations, they’ll hone their reading and writing skills a bit too. Class culminates with the students putting on an exhibition of their balloon crafting talents for their families.
CAMP:721  $55
600  9:30am-10:50am  SW, 208

Advanced Geocaching (Grades 4-8)
Take your knowledge to a new level in this advanced geocaching class. Prerequisite: Previous geocaching experience.
CAMP:728  $55
601  9:30am-10:50am  Nancy Gelb
AS, 108

Outdoor Adventure with Geocaching (Grades 4-8)
Geocache [GEE-oh-cash] comes from two words, the first is the prefix geo, meaning “Earth”. The second is cache which is something that is hidden. Learn about the exciting world of Geocaching using portable GPS devices to locate hidden treasures.
CAMP:728  $55
600  11am-12:30pm  Nancy Gelb
AS, 108

New Mind Your Manners: Teen Etiquette (Grades 5-8)
Are your parents constantly lecturing you about your manners? Are you nervous about your first job or your first date? Maybe you just want to feel more confident in social settings. In this class you will explore over 40 different etiquette skills, including Proper Introductions, Phone Etiquette, Being a guest, proper hygiene, accepting “No” politely, consideration for others, American style dining and much more!
CAMP:730  $53
609  9:30am-10:50am  Dina Patterson
SW, 210

New Mind Your Manners: Etiquette for Beginners (Grades K-2)
Life Lessons taught through story, song and play. Students will learn the vocabulary of etiquette, why we need it and what the benefits are, including proper greetings, kindness, sharing and bargaining skills much more.
CAMP:730  $53
609  9:30am-10:50am  Dina Patterson
SW, 210

Learn about the exciting world of Geocaching using portable GPS devices to locate hidden treasures.
CAMP:728  $55
601  9:30am-10:50am  Nancy Gelb
AS, 108

Orientering: Map & Compass Skills
Orientering is an awesome sport that requires navigational skills using a map and compass to navigate from point to point. Students will gain valuable skills such as how to use a compass, learn to follow a map to a specific location, follow written directions to a specific location and how to recognize a topographical map and explain its function. And there may just be prizes waiting at the last point! Students will get to keep their compass and maps.
CAMP:765  $49
600  9:30am-10:50am  Joseph Higgs
LS, 106

Build a Model Rocket (Grades 4-8)
Get started with model rocketry! Build and safely launch an Alpha II Model Rocket (one-stage) in accordance with N.A.R. rules. This class is for the student with no basic model rocketry experience. Other hands-on activities will include egg launch, daily weather reports, thing machine, helicopter, balloon launch and air pressure experiments. The first and last day of class will include an outdoor rocket launch. Bring a shoebox with a lid to class.
CAMP:765  $59
600  9:30am-10:50am  Joseph Higgs
LS, 106

Movie Appreciation (Grades K-8)
Experience some of your favorite films, and maybe a few new ones in this class. Students will watch films ranging through film history comparing and contrasting various aspects of each film (all films G-PG rated).
CAMP:765  $49
606  12:40pm-2pm  Beth & Ed Skelton
AS, 204

Junior Counselors (Ages 12-14)
Ages 12-13-14: This is the most fun you’ll ever have at a job! Applicants will fill out an actual job application and go through a real interview. Junior counselors will receive training and work for the College for Kids program. Junior counselors will work with the kids in the classroom assisting the instructors. Note: Junior counselors will be expected to attend all training sessions and will be expected to be present and work every day of camp.
CAMP:765  $29
610  3:40pm-5pm  LH, 104

Adventures in Cartooning (Grades 4-8)
This class is geared both for students who like to draw by hand as well as those who prefer to sketch on the computer. Each student will create either a four-panel comic strip or a page of comic book art. The course will cover the fundamentals of comics, including: framing, style, character, emotion, lettering, coloring, story and coming up with a name for your comic.
CAMP:765  $55
700  9:30am-10:50am  Zak Zych
HE, 231

Collages & Patterns
Collage is an art form that employs just about any object you can imagine. It is a creative method of collecting various materials and exploring how they might be put together into a composition. In this class we will create beautiful collages with patterns using nature or animal subjects.
CAMP:765  $53
701  9:30am-10:50am  Adrienne Rosen
SW, 102

Mind Your Manners: Etiquette for Kids (Grades 3-5)
Life Lessons taught through story, song and play. Students will learn the vocabulary of etiquette, why we need it and what the benefits are, including proper greetings, kindness, sharing and bargaining, and so much more.
CAMP:730  $53
601  11am-12:20pm  Dina Patterson
SW, 210

Advanced Orientering: Map & Compass Skills (Grades 3-8)
Take your orienteering skills to the next level! Students will learn advanced orienteering techniques as well as engage in some orienteering competition within the camp.
CAMP:765  $49
606  12:40pm-2pm  Beth & Ed Skelton
AS, 204
**New Wonderful World of Herbs**

Herbs have such a flavorful past being used in everything from cooking to medicine to aromatherapy. This class will study how herbs have been used throughout history, discover their current uses and enjoy their fragrances. We will learn how to propagate herbs and each student will plant a take-home herb box. Please note that this class will include some time spent outdoors in a garden where insects are present. Students will also handle a variety of plants and should be wary if suffering from allergies.

**CFKD:708 | $53**

**Grades K-3**

**Computer Animation: Flipbook Theatre (Grades 4-8)**

Using your own artwork, make a 3-5 second movie. Using both hand-crafted and digital media, students will create a flip book and then a digital version in QuickTime format. Emphasis will be placed on animation as a means of personal expression, and on telling stories with a beginning, middle and end. Students will be encouraged to create their own stories and work in their own style, but must have the ability to draw, paint or photograph 30 to 50 sequential images. Prerequisite: Student must have basic computer skills. Please note the time difference for this class. There will be a 10-minute break from 2-2:10pm.

**CFKD:714 | $85**

703 12:40pm-3:30pm  Zak Zych  HE, 231

---

**Video Game Creation with Scratch (Grades 4-8)**

Create your own video games, interactive stories, animations, music and art with Scratch! Scratch is a programming language created at MIT that makes it easy to make your own digital creations and even share them on the Web. As you create and share Scratch projects, you will learn important mathematical and computational ideas while also learning to think creatively, reason systematically and work collaboratively.

**Become a Human Calculator (Grades 4-8)**

Do you want to create fantastic videos worthy of going viral? Whether you are using Vine, Instagram, Facebook or YouTube this class will give you the tools to make your videos engaging and interesting but also standout from the rest! This class will introduce you to traditional video editing techniques and/or tips and tricks to use the apps already loaded on your mobile device. If you have a mobile device, please bring to class. If not, don’t worry, we’ll work online. Class includes a flash drive for saving video content.

**CFKD:714 | $55**

ADDr-Kid-Abra (Grades K-2)
Mind read the number a spectator is thinking of! Instantly add a column of 4-digit numbers! Make balls travel mysteriously from 1 hand to another! Learn these tricks and more in our brand new math magic class, ADDraKid-Abra! Students get their own magic case and new props to put in it each class. You may well get a nightly show! The tricks are math-based. So while students develop their presentation skills as they enjoy learning magic, they are also sharpening skills in addition, subtraction, measurement, counting, even/odd, and geometric shape recognition. The class concludes with students putting on a math magic show for their families.

Magical Mystery Camp (Grades K-4)
What do you get when you combine theater and magic into one camp? Introducing Magical Mystery Camp! Learn new magic tricks each day and treat your parents to a nightly show! Campers will weave their tricks into a mystery show, which they will create and perform on the last day for their families! In learning magic, theater, and improv, your child will develop their presentation skills and confidence—while having a lot of fun in the process!
Camp: 718  |  $55
700  |  11am-12:20pm  |  SW, 208

Amazing Balloon Creations (Grades K-4)
You won’t believe how much fun you can have with balloons! You’ll learn to twist many different animal balloons. You’ll master yo-yo balloons, learn the secret to bouncing a balloon high off the floor, launch a rocket balloon and a flying saucer balloon. Take home your balloon creations each day! In learning balloon art, students will do some reading and jot notes in their balloon notebooks. So in addition to learning balloon creations, they’ll hone their reading and writing skills a bit too. Class culminates with the students putting on an exhibition of their balloon crafting talents for their families.
Completed grades K-4.
Camp: 721  |  $55
700  |  2:10pm-3:30pm  |  SW, 208

The Programs
In 2016, both College for Kids and Kids on Campus-Meramec will run simultaneously for two weeks!

College for Kids – Meramec (CFKD) is offered by St. Louis Community College Continuing Education for gifted and talented elementary and middle school youth who have completed kindergarten through eighth grades. Courses offered are designed to challenge and advance a student's skills. Children must meet gifted qualifications to attend CFDK classes. The program is designed especially for students currently enrolled in a program for gifted children at their own schools, those who have consistently scored in the 95th percentile or above on standardized tests or whose IQs have been determined to be 125 or above on an individualized IQ test. Please submit proof of giftedness with your enrollment form. The following items may be submitted: A copy of the student's most recent standardized test results or the result of an individually administered IQ test or completion of the certification form (on application) signed by the student's teacher. If we have IQ scores on file, you do not need to resubmit the scores. Standardized test scores should be resubmitted yearly.

College for Kids students may attend either CFDK classes or Kids on Campus (CAMP) classes.

Kids on Campus – Meramec (CAMP) is an open-enrollment, enrichment program for youth who have completed kindergarten through eighth grades. No gifted certification is required to attend these classes.

Where and when do classes meet?
Classes will meet August 1-5 and August 8-12 on the Meramec campus located at 11333 Big Bend Road, Kirkwood, MO 63122. Exact class times and dates are listed in the course listings. NOTE: Room assignments may change. Updated room assignments will be sent with the welcome letter prior to camp.

How long are classes?
Most classes are 1 hour and 20 minutes. The time slots are 9:30-10:50am, 11:00-12:20pm, 12:40-2pm, 2:10-3:30pm, 3:40-5pm, 9:30am-12:20pm and 12:40pm-3:30pm. There is a 20 minute gap between the 2nd and 3rd time slots to allow for a sack lunch. Please note some classes will be held over two time slots with a ten minute break.

How much do the classes cost?
CFKD and CAMP classes are generally $37 per course plus material or additional fees, where applicable. In addition each child in the program will receive a College for Kids or Kids on Campus T-shirt. Please indicate preferred size on the enrollment form.

Is lunch included?
Any child is welcome to bring snacks or a sack lunch to eat between classes. There will be a structured 20 minute lunch-break in Lecture Hall 104 (LH-104) and Lecture Hall 103 (LH-103) between 12:20pm-12:40pm (between the 2nd and 3rd timeslots). Students will be required to carry their lunches with them throughout the day. There are several vending machines, (although sometimes unreliable) located throughout the campus but the cafeteria will be closed.

What if I need to withdraw my child? Will I receive a refund?
Students who register and must later withdraw must do so in writing and any refund given will be based upon the date of receipt of written withdrawal by the Continuing Education office. You will receive a refund if the withdrawal is on or before July 15, 2016. Because of the special nature of this program, full refunds will be permitted through July 15, 2016. No refunds will be permitted after this date, unless the college has cancelled a class.

How many students are in the classes?
In general, the maximum enrollment will be 16 students per class and the college reserves the right to cancel any class which does not have at least eight students. Those in canceled classes will be notified no later than one week prior to the first day of class. Students in canceled classes will receive a refund if no suitable class can be found.

How will my child know their schedule?
On the first day of camp, after reporting to your child's first class (where you will sign them in), they will be issued a name tag with their complete schedule for the week. It is critical that your child bring this name tag back every single day. This is our only way of identifying your child in an emergency.

Safety and program guidelines for youth classes
All children under the age of 16, who are enrolled in programs through St. Louis Community College Continuing Education, must be accompanied to and signed in at the beginning of each program session by a responsible party. In addition, a responsible party must also meet the participant at the end of the session and sign them out. Appropriate behavior is expected. Students may be disenrolled for misbehavior.
When does registration start?
(Please read answer carefully.)
Walk-in and telephone registration begins **Monday, April 4 at 8:30 a.m.** Please note that mail-in and Internet registrations **will not** be accepted.

**How do I register my child?**

**In person:**
Bring completed enrollment form with payment (check, cash or credit card), gifted certification and child’s student ID “A”# to:

St. Louis Community College-Meramec  
Continuing Education office  
11333 Big Bend Road  
St. Louis, MO 63122

The office is located in a residential-type building on the west end of the Meramec campus at 802 Couch Avenue next to Campus Police.

Office hours are 8:30 a.m.-4 p.m., Monday-Friday.

**By telephone:**
Call 314-984-7777 and charge fees to MasterCard, VISA, American Express or Discover. Have all the registration information on hand when registering over the phone.

Call Center hours are 8:30a.m.-7:30p.m., M-Th and 8:30a.m.-4p.m. Friday.

**Please note that classes fill fast. Have one or two alternate class choices per timeslot.**

**Is my child eligible for the College for Kids program?**
All students must provide PROOF OF GIFTEDNESS in one of the following forms at time of registration:

- Copy of IQ test showing full scale IQ score of at least 125.
- Copy of most recent standardized test results showing scores of 95 percent or above in subject area for which registration is requested.
- Total battery of 95 percent or above or in school gifted program (proof required – see form on Enrollment Form).

Students in grades 1 and 2 in schools/districts which do not have testing procedures for those grades may use the Teacher Referral form indicating that the student consistently displays many of the characteristics outlined. Teacher Referral forms will not be accepted for students in grades 3-8 except for those registering for fine arts/drama classes.

**Proof of giftedness must accompany your completed enrollment form to ensure your child’s class placement.**
Any student who has previously submitted IQ test scores does not need to resubmit this documentation.

**Other Information**
Outside work may be required for some courses. Courses are not applicable toward degrees and certificates offered by St. Louis Community College.

Please, no course changes allowed after July 22.

**Note:** Enrollment forms that are incomplete or missing proof of giftedness will not be processed until completed forms have been received.

**If you have questions, call the Continuing Education office at 314-984-7777.**

**Non-Discrimination/Accommodations Statement**
St. Louis Community College is committed to non-discrimination and equal opportunities in its admissions, educational programs, activities, and employment regardless of race, color, creed, religion, sex, sexual orientation, national origin, ancestry, age, disability, genetic information, or status as a disabled or Vietnam-era veteran, and shall take action necessary to ensure non-discrimination. Sexual harassment, including sexual violence, is also prohibited. For information or concerns related to discrimination or sexual harassment, contact William Woodward, associate vice chancellor for student affairs, 314-539-5374.

If you have accommodation needs, please contact Ann Marie Schreiber, 314-984-7704, at least six weeks prior to the class or event.
Please note Prerequisites for Attendance. Test scores, etc. must be provided each year unless we have your child's IQ scores.

Feel free to make copies of this brochure if necessary.

Please read General and Registration Information page thoroughly.

If you do not wish for your child's image to be used in print and web materials, exclusively through St. Louis Community College, please print your child's name and sign below.
