General Information

Kid on Campus is an enrichment camp offered by the Office of Continuing Education of St. Louis Community College for children who have completed kindergarten through eighth grade. These camps are offered on the Florissant Valley, Forest Park and Wildwood campuses and are designed to give children the opportunity to explore areas of interest they might not get in school. With classes like Art Explosion, Digital E-magination Technology Camp, and Jr. Doctors Medical Camp, there is something for everyone.

Create your own camp experience! Kids on Campus allows campers to pick the classes they wish to attend for the week. It's simple! Camps are in half-day formats and kids can go all day and explore one topic in the morning and another in the afternoon.
