Professional Development
Fall 2017

Professional Development at the speed of change!
Corporate College

The Corporate College is the newest addition of St. Louis Community College's growing network of facilities and programs bringing demand-driven workforce training to the region. Renovated in 2011 to have nearly 30,000 square feet of new space to serve the needs of corporate St. Louis, it is the first facility solely dedicated to corporate education and professional development, unlike any other asset the college owns.

The Corporate College is also home to the Workforce Solutions Group, the entrepreneurial workforce development division of the college that offers a robust menu of programs and solutions designed to advance people, businesses, and communities.

On-site Services

In addition to a full menu of professional development and personal enrichment courses, the following services are available at the facility:

Testing and Assessment Center hosts several major certification testing services for individuals and pre-employment assessments for corporate and government employers.

WorkKeys Solution Center provides a nationally recognized assessment system developed by ACT designed for both individual career seekers and employers. WorkKeys services are also available for organizations through the Corporate Services unit.

Meeting and Event Services offers a best-in-class experience for business events, conferences, and training sessions with over 18,000 square feet available.

Unique Spaces and Value-Added Features

- 360 collaboration training room
- Executive multimedia conference room
- 175-seat multipurpose room
- Two computer classrooms
- All inclusive pricing covering standard room set-up and audio-visual equipment
- Reception area and staff for conference needs
- Free on-site parking
- Free high speed wireless internet

LEAN Six Sigma Green Belt
Whether you are a member of a quality team, a quality manager, or desire
to obtain a LEAN Six Sigma Green Belt for professional development, this
course is appropriate for you. We blend classroom instruction and online
modules. Program highlights include: how to implement the DMAIC process
(Define, Measure, Analyze, Improve, Control), how to develop reliable and
valid measurements for a system, how to define the cost of poor quality, how
to use the correct formula to calculate ROI and more. Materials included in
cost of course. Students successfully completing this training will receive a
LEAN Six Sigma Green Belt award of completion and 45 hours of instruction.
This training includes an 18-hour capstone simulation project on the last two
Wednesday sessions and two consecutive Saturdays. Attendance on these
days is mandatory. If one of these days is missed, arrangements may be made
with the instructor to complete the project and receive non-credit certification.
However, should this be necessary, additional instructional costs will be
charged to the student above and beyond the cost of the program. Lunch
provided on Saturdays. Class meets Wednesdays 9/13, 9/20, 9/27, 10/4, 10/11,
10/18, 10/25, 11/1, 11/8, 11/15 and Saturdays 11/11, 11/18. Class is subject to
cancellation if minimum enrollment is not met by 9/5. No refunds after this
date unless class is cancelled.

you take your career to the next level
and maintain your competitive edge!

How to Get More of What You Need and
Want in Negotiations
You may not think of yourself as a negotiator, but you
are. All of us negotiate every day with family, friends
and co-workers, even if we don’t think of what we’re
doing as negotiation. Negotiation is getting what
we need and want through a process of interacting
with others, and some of us are clearly better at it
than others. Knowing how to get what you need and
want from others in a principled, win-win fashion is
a major life skill, and one that anyone can learn. You
will learn how to identify your personal negotiating
style, how to get clear on what you actually need and
want, and how to use “The Magic Question” for a win-
win outcome.

Your Emotional Intelligence and Why It Matters

Your IQ will get you in the door, but it’s your emotional intelligence (EI), your ability to connect and manage the emotions of yourself and others, that will determine how successful you are in your professional and personal life. Emotions are all around us, and it’s important to understand how to control them to cultivate productivity and positive relationships. In this interactive course, you’ll learn the dynamics of the emotional intelligence model and how to effectively apply these core competencies in the workplace and beyond for optimum success and to enhance your skills.

**Business Plan Development**

An intensive, four-session, individually customized course designed to provide new and aspiring entrepreneurs with the tools and resources to create a solid business plan. Experienced business facilitators/coaches will guide group sessions and share practical experiences to enhance your business. Participants learn with and from their peers, creating a powerful network that continues well after the program is complete. These sessions are enriched with guest speakers from various disciplines including the legal profession, marketing, human resources and finance. In addition, each participant will begin by taking the GrowthWheel assessment and receive customized tools based on this assessment to assist as you build your plan. Weekly homework assignments are given and participation is required to be successful in the class. Continued counseling from a business counselor and certified life coach is available after the completion of the class. Please bring a laptop or electronic device to class for working on your business plan. Program is offered in partnership with the Small Business and Technology Development Center. No class 11/22.

### General Information for Nursing and Allied Health Programs

#### Clinical and Field Work

Hospitals and facilities may mandate that a criminal background check and/or drug screening check (at the student’s expense) be conducted prior to placement in a clinical or field setting. Students not passing these checks may be prohibited from participating in the clinical or field experience, thus rendering the student ineligible to satisfactorily meet the course/program requirements. Students should contact an academic advisor or the program coordinator for further details.

### Solar Courses

**NABCEP Certified Courses**

STLCC offers North American Board of Certified Energy Practitioners (NABCEP) approved solar training courses, from beginner to advanced levels. Simply curious to know more about solar energy? Register for Solar Basics. Perhaps you require more in-depth knowledge to begin or advance your career in solar. Need training for your current employees, or are looking to expand your business into solar? If this sounds like you, register for the series of solar courses listed here and be eligible to take the NABCEP Photovoltaic Entry Level Exam. If you complete these courses, you will also receive 34 advanced CEUs. Don’t let this moment pass you by. Now is the time to start making a change in the world and yourself.

**Solar Basics, Solar Site Survey, Components and System Build: Part I**

Class meets Tuesdays and Thursdays. Join the field of solar energy. In this course, you will learn about electrical basics, photovoltaics, solar energy fundamentals, photovoltaic sizing, solar energy markets and safety basics. Class will introduce basic photovoltaic equipment and you will learn how to assess potential installation sites for their solar energy potential. Gain hands on experience with roof layout, shading analysis with Solar Pathfinder, calculation of energy production for specific sites and calculation of load estimations. In addition, learn about photovoltaic system components and how they interact with each other. You will be introduced to solar modules, charge controllers and inverters, batteries, and photovoltaic mounting and racking systems and will apply all this information to participate in a hands-on photovoltaic system build project: Build a full string inverter system and modules on a mock roof and a ballasted racking system with micro-inverters. Students should have fundamental mathematical and mechanical skills. Texts included. Enrollment by 8/16 is encouraged. No refunds after this date.

**Advanced PV Sizing Electrical Design**

Class meets on Tuesdays and Thursdays. Learn how to equate temperature differences using temp coefficients for string sizing, as required by the National Electric Code. There will be exercises in proper wire sizing, overcurrent protection sizing and system sizing for stand-alone and grid-tied systems as well as basic troubleshooting techniques. This course and the previous classes are required to sit for the NABCEP entry level exam. Registration by 10/5 is encouraged. No refunds after this date. No class 10/17.

Community Emergency Response Team Training
Have you ever thought, “What would I do if a tornado struck my subdivision?” or “What types of natural disasters can happen in St. Louis?” We have the answers… Community Emergency Response Team Training (CERT) is a series of classes that prepares you to help yourself, your family, coworkers and neighbors in the event of a crisis in your community. Through this interesting eight-week series of classes (Thursday evenings, September 7 – October 26) participants learn about emergency preparedness and receive training in basic response skills such as fire safety, team organization, terrorism, disaster psychology, disaster preparedness, light search and rescue and disaster medical operations. Through a partnership with local emergency responders who are trained professionals and CERT trainers you will learn lifesaving skills. Once you have completed the eight classes you will conclude training with a full-scale disaster exercise (off-campus Saturday, October 28) that will put what you have learned to work in a real-life tornado simulation. Upon successful completion of the training, you will be able to join a local St. Louis Area CERT program to continue to support and help in times where volunteers are needed. This training is free but registration is required.

Pharmacy Technician 300 Training Program

Registration for this program begins July 31, 2017.

This hybrid/flip instructor lead course is held from August 21, 2017 through January 29, 2018. Students must have Internet connection and be competent computer and Internet users. To assess readiness to complete an online course students should read and take the online assessment SmarterMeasure found under Online Education on the college website. Course work will be completed online. Students will be required to attend scheduled workshop sessions on campus: 8/21, 8/24, 9/7, 9/18, 10/2, 10/9, 10/23, 11/6, 11/20 and 12/4. The externship is scheduled December 5, 2017 - January 19, 2018. Students will be required to attend the final examination review on 1/22 and the final examination on 1/29. Workshops and final exam will meet 6 - 9 p.m. This training prepares the student for entry level employment as a pharmacy technician. Students will learn about the top medications dispensed in the United States and be introduced to the basic concepts of pharmacy calculations for proper medication dispensing. Upon successful completion of the course the student is eligible to take a certification exam. Register in person only in Continuing Education at Forest Park, Student Center 125. Class meets twice a week for 20 sessions; each four hours in length. The 104 hours of on-the-job training are completed in a nursing home and in addition to the scheduled class time. The on-the-job training hours are either an eight hour day shift or evening shift.

Refund/withdrawal deadline: 8/14 - No refunds after that date.

Basic Life Support Instructor Essentials Course

The American Heart Association BLS Instructor Essentials Course provides the core and discipline-specific content necessary to teach AHA CPR and First Aid courses. The course is taught in a blended-learning format. Instructor candidates will complete pre course online study, followed by the hands-on session conducted by Training Center Faculty during the AHA instructor course. The course educates the instructor candidate in the use of AHA Instructor teaching materials; how to ensure that students meet learning objectives; student coaching skills; how to conduct an objective skills performance evaluation and to follow AHA Instructor course policies. Please note there is self-paced, pre course preparation. Access to a computer will be necessary to complete required online course work. Prerequisite required at time of registration: Current AHA BLS Healthcare Provider CPR card. Registration four weeks prior to course start date is required to ensure arrival of pre course materials and completion of pre course preparation. Per AHA requirements, within six months of the initial BLS Instructor Essentials Course, a STLCC Training Center Faculty member must monitor the instructor candidate's teaching and verify the performance of the candidate's provider skills. The instructor candidate will pay an additional fee for this monitoring. Due to the nature of this course, you must arrive on time. No admittance after the stated start time. No refund for late arrival. Prerequisite: Current AHA BLS Healthcare Provider CPR Card. At time of registration the instructor must provide documentation meeting all prerequisites. Registration is required one week prior to course start date. Due to the nature of this course, you must arrive on time. No admittance after the stated start time. No refund for late arrival. Interested students must contact Diane Sterrett at 314-539-5754 before registering for the BLS Instructor Renewal Course.

Chemistry Warm-up: Math Review for Chemistry Students
Don’t let Chemistry get you down! Get a head start on the materials you will need to succeed in Chemistry (CHM: 101 or CHM: 105). Topics include algebra review, calculator operations, scientific notation, metric system, dimensional analysis and study skills. Please bring a TI-30, TI-35, or any scientific calculator to class. Over 80% of the students completing this review went on to pass their Chemistry courses with a grade of “C” or higher.

- 70” flat panel display
- Configure to a laptop or tablet (VGA/HDMI)
- Seating for up to 14

We’ve got space for you! www.stlcc.edu/corporatecollege
Students Rights and Responsibilities
All students are responsible for adhering to college policies and procedures. Please refer to stlcc.edu/need2know.

Postponement/Cancellation Due to Inclement Weather
Occasionally, continuing education classes are cancelled due to inclement weather. Cancellations will be broadcast on KMOX-AM (1120) and on KMOV-TV, KSDK-TV and KTVI/Fox 2. In addition, all location closings will be posted on the college website, stlcc.edu. When St. Louis Community College cancels classes, off-campus classes are also cancelled. In addition, when a particular host school district or institution closes, the continuing education classes at that location will not meet.

Refund of Fees
Since continuing education (non-credit) classes are self-supporting, the decision to run a class is based on the number of people enrolled. The college reserves the right to cancel if sufficient enrollment is not achieved. Registrants will be notified by phone, mail or email if a class is cancelled. Full refunds will be issued for classes cancelled by the college.

If you drop a class, you will receive a 100 percent refund for most classes if the class is dropped one business day before the first meeting. A 50 percent refund will be given for most classes dropped between one business day before the first class meeting and prior to the second meeting of the class. See the course schedule for classes (such as daytrips) that require notice beyond one business day for cancellation and eligibility for a refund.

Requests of withdrawals should be submitted in writing to the Continuing Education office. Calculation of refunds will be based on the date the written request is received by the office. If you have a situation that warrants an override of the above policy, an explanation of the circumstances should be made in writing to the Continuing Education office. Refunds should be received within 30 days.

Fee Reduction for Older Adults
Older adults (those 60 years and older) may enroll in most courses for a reduced fee. NOTE: Those wishing to take advantage of this fee reduction must do so at the time of registration. Class costs vary, so prior to registering, please contact the Continuing Education office or see the online class schedule for the total cost of the senior reduced rate.

Senior Citizen Scholarship
Missouri residents who are at least sixty-five years of age will be awarded a scholarship to be exempt from maintenance fees to enroll in courses on a space available basis. There will be a non-refundable registration fee of $5 per course to a maximum of $25 per semester. Student is responsible for other fees, such as materials, supplies and books. At the earliest, students may enroll in the class two days prior to the first class date. Students may not receive a refund for a paid course in order to enroll for a scholarship space in that same course. PLEASE CALL THE CONTINUING EDUCATION OFFICE TO GET SPECIFICS REGARDING THE SENIOR SCHOLARSHIP. The senior scholarship discount does not apply to online classes.

Safety and Program Guidelines for Youth Classes
All children under the age of 16 who are enrolled in programs through the St. Louis Community College Office of Continuing Education must be accompanied and signed-in by a responsible party at the beginning of each program session. In addition, a responsible party must also meet the participant at the end of the session and sign them out. Appropriate behavior is expected. Students may be disenrolled for misbehavior.

Unattended Children
Students are not permitted to bring children to class, nor should children be left unattended in the halls, offices, library or common areas. The college reserves the right to protect the safety and welfare of unattended children. If students leave children unattended, the college will institute disciplinary action.

Textbooks
Textbooks can be purchased at the campus bookstores.

Library and Computer Lab Privileges
If you are registered in continuing education courses, you may enjoy library and computer lab privileges by showing your student ID. To obtain a student ID take your paid fee receipt to the Campus Life office and the personnel there will provide you with an ID.

Firearms on College Property
Except for licensed police officers, no person shall possess or carry any firearm, visible or concealed, on college property (including college buildings and grounds leased or owned by the college-college athletic fields and parking lots) or in any college van or vehicle or at college-sponsored activities. College employees, students and visitors who hold concealed carry endorsements as allowed by Missouri law may not carry or bring any firearms, visible or concealed, on college property, owned or leased or at any college activities.
How to Register

Mail
Complete the registration form (below) and mail with check (payable to St. Louis Community College) to:
STLCC Continuing Education, 3221 McKelvey Road, Suite 250, Bridgeton, MO 63044

Students who register by mail should assume they are registered unless otherwise notified. A registration confirmation is mailed to students who register by mail; however, the confirmation may not be received prior to the beginning of the class. If you have enrollment questions, please call Continuing Education at 314-984-7777.

In Person at STLCC Continuing Education Offices M-F 8:30 a.m. - 4 p.m.
Meramec
802 Couch Avenue
St. Louis, MO 63122

Florissant Valley
At the Center for Workforce Innovation
3344 Pershall Rd., Ferguson, MO 63135

Forest Park
Forest Park, G Tower-320-322
5600 Oakland Ave., St. Louis, MO 63110

You may want to first call the Continuing Education office at 314-984-7777 to check that openings exist.

By Phone
Call to complete your registration by charging fees to MasterCard, Visa, American Express or Discover.
Telephone: 314-984-7777
NEW-Call Center Hours: M-Th 8:30 am - 5 pm; Fridays 8:30 am-4 pm

Before calling to register, have this information ready:
1. Course Title / Course Code (letter prefix with number) / Section Number
2. Student Contact Info (name / address / phone number / email)
3. Student Number or UIN
4. Credit Card Number with Expiration Date

Online: www.stlcc.edu
Visit our website and click on the “Continuing Education” link — where you can view current class offerings and to register for classes.

Enrollment in classes within this brochure, except for youth class sections, is limited to persons 16 years or older, unless otherwise noted.

Registration Deadline – All non-credit courses are limited in enrollment. Advanced registration is required prior to first class meeting. Some classes have additional registration deadline requirements, please check course descriptions.

Automatic Bank Payment (ACH) – All checks will be converted to an electronic Automated Clearing House (ACH) transaction whether the payment was made in person or mailed.

Mail Registration Form Please print in ink.

Leveraging Education for Growth

St. Louis Community College’s Workforce Solutions Group (WSG) leverages education for growth by offering programs and services designed to advance people, businesses, and communities. We accomplish this through our three operating units: Corporate Services, Continuing Education, and Community Services. The WSG and all of its operating units are centrally located at the STLCC Corporate College, a state-of-the-art facility solely dedicated to corporate education and professional development.

Advancing People
Continuing Education

Continuing Education (CE) advances people by enrolling over 30,000 individuals annually in professional development or personal enrichment courses. Each year, CE offers more than 3,000 courses at various locations throughout the greater St. Louis region, including campuses and community partner locations. CE also offers a menu of educational opportunities online.

Advancing Businesses
Corporate Services

Corporate Services offers a comprehensive assortment of workforce solutions both locally and globally. The unit is one of the largest providers of training and consulting services in the St. Louis metro area, annually advancing more than 10,000 employees representing 200 regional companies in a variety of training topics. Corporate Services also coordinates the onsite services available at the Corporate College through the Testing and Assessment Center, WorkKeys Solution Center, and meeting and event services.

Advancing Communities
Community Services

Community Services advances local communities by partnering with employers, the community, and education and government organizations to develop job training opportunities for residents as well as a talent pipeline for employers. Community Services also provides an assortment of accelerated job training programs and reaches out to underserved communities through its Metropolitan Education and Training (MET) Center, a collaborative neighborhood training and support center.

STLCC.edu/workforce
Non Discrimination and Accommodations statements

St. Louis Community College is committed to non-discrimination and equal opportunities in its admissions, educational programs, activities, and employment regardless of race, color, creed, religion, sex, sexual orientation, national origin, ancestry, age, disability, genetic information, or status as a disabled or Vietnam-era veteran, and shall take action necessary to ensure non-discrimination. Sexual harassment, including sexual violence, is also prohibited. For information or concerns related to discrimination or sexual harassment, contact Mary Zabriskie, J.D. at 314-539-5345.

Access Office – disAbility Support Services for students with documented disabilities are available through campus Access offices. These services include: advising and academic counseling, coordination of academic accommodations and support services, consultation with faculty and staff regarding accommodation needs as well as help with connecting to community professionals and agencies. To qualify for services complete the online Application for Services and contact the Access Office on the campus where you plan to attend. Applications are accepted at any time during the semester, but the College recommends submitting requests as early as possible to allow time to make any necessary arrangements in time for the start of classes. Accommodations are generally not provided retroactively so it is important for you to apply for accommodations and provide documentation that supports your requested accommodations as soon as you can. For more information, visit stlcc.edu/disability or call the Access Office on your campus.
