

## St. Louis Community College - HSRB Application for Exemption from Review

<b>Title of Project:</b>	<b>Principal Investigator(s) Names and Titles:</b>
<b>Date of Submission:</b>	<b>Brief Description of Project:</b>

1. Using categories described in the Exemption Guidelines, please describe the nature of the research activity, the nature of the involvement of the human subjects (e.g., personal interview, survey, existing data, observation, etc.), and identify which category of exempt research that you believe applies to your research.

2. Identify whether the following special groups will include the following potential research subjects:

	Included	May be Included	Not Included
Minors (under age 18)			
Institutionalized Persons			

Note: Prisoner research is not eligible for exemption. Instead, you must submit either an application for expedited or full review. In addition, some research involving children may not be approved for exemption.

3. Are the data or information recorded in such a manner that subjects can be identified, directly or through identifiers linked to the subjects?      Yes      No

4. Could the identification of subjects put them at risk of criminal or civil liability, or be damaging to the subject's financial standing, employability or reputation?      Yes      No

5. What is the timeframe for this research project? Please include an estimated completion date.
