**Section 5**

If any provision of this Resolution is, or at any time becomes contrary to law, then such provision shall not be applicable except to the extent permitted by law.

**Section 6**

The Union will distribute the Resolution to the bargaining group.

**Section 7**

Five (5) uniforms will be issued to each employee in September of each year. Employees may substitute other appropriate work apparel such as boots, jackets, etc. The total value of work apparel issued annually will not exceed the current cost of five (5) uniforms. All work apparel must be ordered in the employee's current size.

Employees are expected to be in College uniforms that are clean and in good condition to the extent possible while on duty at the College.

~~Section 9~~ **Section 8**

An employee scheduled to work but who is not required to work on a day when the employee's assigned work location is declared closed due to inclement weather or other unexpected emergency shall receive pay at the straight time hourly rate. An employee will be paid eight (8) hours of regular pay and pay at the rate of time and one-half for any hours of work required on a day when the employee's assigned work location is declared closed due to inclement weather or other unexpected emergencies when such day is a regularly scheduled work day for the employee.

~~Section 10~~ **Section 9**

Whenever the College may deem it to be in the best interests of the institution to offer a voluntary early retirement incentive plan, full consideration will be given to full-time Unit employees and the College will seek input from the Unit with regard to any plan which might be applicable to full-time employees prior to plan implementation.

~~Section 11~~ **Section 10**

The College is committed to compliance with the Americans with Disabilities Act and the Family and Medical Leave Act. Eligible employees will be provided benefits and privileges in accordance with the provisions of the Acts and any applicable Board policies and Administrative Procedures.

~~Section 12~~ **Section 11**

Physical Plant Unit staff may receive additional compensation for teaching and coaching activities for a maximum of nine (9) semester credit hours or the equivalent contact hours per semester, summer session or intersession not to exceed a total of eighteen (18) credit hours or the equivalent per fiscal year. The Vice Chancellor, Finance and Business Services, will approve of this activity and certify that it will not interfere with the individual's full discharge of his/her regular position responsibilities.

~~Section 13~~ **Section 12**

The College agrees to pay license renewal fees for Physical Plant employees required to possess a license in the performance of their jobs. A list is established for which licenses are covered for this provision. Mutual agreement by the College and the Union is required to add licenses to the list. In no case, however, will a basic driver's license be part of this list.

**12. ARTICLE XX. TERMINATION**

**Section 1**

**REVISE** this section to read as follows:

The effective date of this Resolution shall be July 1, 2010 as authorized by the Board of Trustees. This Resolution shall remain in full force and effect through 11:59 P.M. on the thirtieth (30<sup>th</sup>) day of June 2013. Upon at least sixty (60) days prior to June 30, 2013, written notice may be submitted to the College by the Union stating a desire to open discussions concerning the entire Resolution for a period commencing July 1, 2013.

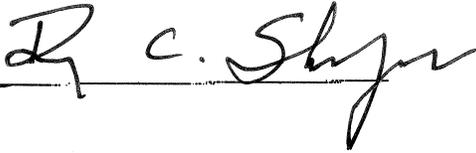

---

All of the aforesaid are Joint Recommendations and are made on behalf of the College and the International Union of Operating Engineers Bargaining Unit employees on this 22<sup>nd</sup> day of June 2010 by the undersigned representatives.

**Appendix A. Guidelines for Employee Medical leave, family Medical Leave (non FMLA) & Medical Releases**

**Letter of intent Zeroing of hours for Medical Leave usage**

## Appendix A

### Guidelines for Employee Medical Leave, Family Medical Leave (non FMLA) & Medical Releases

If an employee reaches an accrued medical leave usage level of 56 hours in a fiscal year (including employee medical and family medical), the employee will be notified by his/her immediate supervisor or manager that they have reached the 56-hour accrued usage level and are no longer eligible to earn an extra day of personal leave in said fiscal year. They will also be required to provide a medical excuse from an appropriate medical professional currently treating them or their qualified dependent's condition or illness (the cause of their absence from work) for all future medical leave use. This requirement will continue for three calendar months or until June 30, whichever occurs first.

If an employee's accrued medical leave usage level reaches or exceeds 72 hours in any fiscal year, a medical excuse will be required for six calendar months. If the usage level reaches or exceeds 88 hours in any fiscal year, a medical excuse will be required for twelve calendar months.

Accrued medical leave usage will be reset to zero at the start of every fiscal year (July 1) for all employees not under one of the documentation periods described above.

Employees will be notified when they are no longer required to provide a medical excuse for absences per the above guidelines.

The College reserves the right to request a medical excuse at any time for the occurrence of any unusual or serious illness, accident, condition and/or probable cause of medical leave abuse.

The College may take additional appropriate progressive corrective action at any time, depending upon the cause and severity of medical leave use/abuse.

Exceptions to the guidelines above may be possible and are at the full discretion of the College, depending upon extenuating circumstances.

Medical conditions and treatments approved for and protected under the Family Medical Leave Act are exempt and will not be counted toward accrued medical leave usage for the duration of their protection period.

## 2010 – 2011 Budget Highlights

### Review of the 2009-2010 Fiscal Year

**Reorganization and Change:** The 2010 and 2011 fiscal years together have provided for a cumulative growth in revenue of 2.7 percent. This same period has seen enrollment grow by almost 80,000 credit hours to a forecasted 590,000 credit hours. During this same time, St. Louis Community College has focused on key performance indicators to measure and report on progress toward achieving the strategic directions. With measured and reported outcomes, the pressure to redirect resources toward high priority investments becomes increasingly critical.

The pathway to investing in the strategic plan requires significant reorganization and change within the College because of limited new funds. Three organizational/service units receiving significant review during fiscal year 2010 were childcare services, intercollegiate athletics, and community relations/media services.

**Campus Childcare Services:** The review of childcare services began in the fall of 2008 and resulted in a recommendation that revenue adjustments might be made that could partially offset the subsidy of childcare services. Because the cost of childcare services is part of the overall cost of the laboratory school program associated with Early Childcare Education at Florissant Valley, the childcare portion of the total operation has a minimal subsidy. The significant subsidy of childcare services is attributed to the Forest Park and Meramec operations. These two centers did not have the capacity nor mission to serve a significant external community at market rates. In other words, cost and capacity were negatives when compared to service and revenue.

In November 2009, the decision was made to close the Forest Park and Meramec childcare centers effective June 2010. This decision resulted in a savings to the College of almost \$600,000. Following this decision, the College began the process of assessing the feasibility of contracting with external providers for STLCC student space using the College's grant support for childcare services. That work continues during the summer of 2010.

**Intercollegiate Athletics:** Review of intercollegiate athletics began in Fall 2008 and was completed in August 2009. The review of athletics was facilitated by *A Comprehensive Report on STLCC Intercollegiate Athletics, 2008*, issued by the District Athletic Council. A focus on reassessing the future of intercollegiate athletics resulted in a five-point values statement focused on: (1) the importance of athletics in a comprehensive community college, (2) the wise investment in athletics to achieve a high level of competition coupled with academic achievement, (3) the recognition of excellence in athletics, (4) the importance of geographic, gender and diversity in sports offerings, and (5) the value of a districtwide identity for athletics coupled with campus-based teams. The campus presidents, vice presidents for student affairs, and athletic

managers developed a plan for a twelve-team offering that met the five values statements and resulted in cost savings for the College. This plan was subsequently amended to provide for fifteen teams and reduced the savings impact to an estimated \$155,000. No savings were generated from the administrative overhead associated with intercollegiate athletics. This College program continues at cost of \$1.5 million and serves approximately 300 athletes.

**Community Relations/Media Services:** In August 2009 the Board of Trustees approved the engagement of Vector Communications to conduct a review of the effectiveness of the college's overall community relations operation. The review was conducted at all campuses and the Cosand Center and was to be completed prior to the replacement of the director of communications. This process included an assessment of the organizational structure, the jobs/positions, and a review of the marketing and communication materials produced through this organizational unit.

Upon completion of the review by Vector Communications, the college officers made modest adjustments to the original proposal, which improved the model and helped to control costs. The proposed reorganization plan corresponds to the College's various audiences and seeks to achieve improved marketing and image building with those audiences through Community and Campus Relations, Communications, Governmental Relations, Community Partnerships and the Foundation.

The Community and Campus Relations staff will be reconfigured to provide for a coordinator and a news reporter/web editor/special events position at each of the four campuses. Responsibility for advertising and publications will be centralized in Communications at the Cosand Center, as will graphic design, web design and support, marketing, image enhancement, internal/external messaging and communications. Photographic services will be outsourced with limited photos taken by members of the community relations staff. The integration of media services into library services is already underway across the District. This consolidated advancement model also includes a manager of governmental relations and a manager of community partnerships.

This reorganization results in a savings of approximately \$600,000 and creates a single organizational unit that would be positioned to develop and follow a cohesive and improved communications strategy that supports the College's mission. The College is not in position to move forward with all aspects of the reorganization and is deferring the recommendation to create an officer-level position for advancement, marketing and public relations. In the meantime, the Chancellor will provide leadership for the Foundation and Communications, and the Vice Chancellor for Workforce and Community Development will provide leadership for Governmental Relations and Community Partnerships.

**Strategic Planning:** Efforts to redirect resources are tied to the support of the College strategic plan. This Plan identifies three strategic directions with accompanying strategic choices.

*Strategic Planning Direction 1: Growing enrollment.*

- Strategic Choice 1: Increase the STLCC participation rates in all regions of the district for recent high school graduates.
- Strategic Choice 2: Increase the STLCC participation rates in all regions of the district for adults 25-44 with high school credentials, but no college.

*Strategic Planning Direction 2: Improving the Academic Achievements and Student Learning Outcomes of Our Students.*

- Strategic Choice 1: Increase degree and certificate completion rates, while enhancing the learning outcomes of graduates.
- Strategic Choice 2: Enhance the quality and level of student learning outcomes.
- Strategic Choice 3: Create an effective developmental education program aimed at the development of skills necessary to complete college-level coursework.
- Strategic Choice 4: Utilize each location's Center for Teaching and Learning to improve faculty and staff development associated with developmental education, with special emphasis directed toward improving persistence, retention, and academic success of students requiring developmental coursework.

*Strategic Planning Direction 3: Improving our responsiveness to evolving workforce needs.*

- Strategic Choice 1: More effectively connect our curriculum, programs, and instructional delivery modes to the needs of employers in the region.

The College has achieved positive progress on the three directions. Strategic Planning Direction 2: Improving Academic Achievement and Student Learning Outcomes, presents the most significant challenge. For that reason, the expansion and reallocation efforts of the College are focused on strategies aimed at improvement in this area.

**Financial Commitment to the Plan:** The College's 2010 general operating budget was developed with a focus on the three strategic planning directions. Funds were reallocated to support the formal staffing and physical location of Centers for Teaching and Learning at Florissant Valley, Forest Park, and Meramec with Wildwood working through a virtual center collaboratively across the district.

With increased enrollment, the faculty complement at Wildwood was expanded to ten full-time faculty positions, and the part-time faculty funding was expanded by \$250,000.

Fiscal year 2010 was an austere year requiring reallocation of over \$2 million to balance the budget. Investments were very limited but some progress was made in improving funding at the Forest Park Access Office, the Florissant Valley enrollment services areas, and at Meramec through classroom mentors.

**BRDG Park:** In fall 2009, the College's Center for Excellence in Plant and Life Sciences moved to the Bio-Research & Development Growth (BRDG) Park facility located at the Donald Danforth Plant Science Center complex. St. Louis Community College is among a select few colleges in the country and the only college in the state of Missouri that offers an AAS degree to train biotechnicians. The College's presence at BRDG Park provides an educational internship setting for students to work in direct support of some of St. Louis' leading biotech organizations: Monsanto, the Danforth Plant Science Center, Centocor, Washington University, and Millipore.

St. Louis has made more progress in its implementation of the plant and bio-medical sciences strategy than any region nationwide and is well on the road to becoming the leading center for plant sciences and a major center for life sciences. Because of this effort, the St. Louis Regional Chamber and Growth Association (RCGA) branded St. Louis the "Bio-Belt." Positioning the STLCC Center within BRDG Park will allow the College and its industry partners to develop a workforce training model that will be the envy of other regions. In recognition of this unique model, the National Science Foundation awarded STLCC the Bio-Bench grant under its Advanced Technological Education program.

STLCC's participation at this prestigious site results from the investment of Lewis and Clark Discovery Initiative funds, federal appropriations and federal grants, private dollars secured through the STLCC Foundation, and the investment of on-going College operating funds.

**Conclusion:** Fiscal year 2010 was a year of no increase in state funding. Through the federal stimulus funding legislation known as the American Recovery and Reinvestment Act (ARRA), the State of Missouri was able to protect the current investment in public higher education. In order to benefit from this protection, higher education across Missouri agreed to hold tuition and fees at the Fall 2008 level providing protection to Missouri taxpayers from rising educational costs. Very limited investments were made by the state in a program called Caring for Missourians. This one-time funding allocation amounted to \$519,000 for STLCC. Those funds were invested in medical simulation learning devices, nursing student retention coaches, and curriculum development in the patient care technician field.

Local taxes were increasing by approximately 2 percent but the College was close to the legal maximum for the annual tax levy. Enrollment was beginning to trend upward. The growth factor in the 2010 budget was 1.32 percent.

### **2010-2011 Budget Comments**

The proposed 2011 budget includes a 1.46 percent growth in revenue and expenses. In order to balance the 2011 budget and fund a very limited number of fixed cost and expansion increases, it was necessary to reduce expenditures in the budget development process by \$1.4 million. This effort included a significant review of campus childcare services, community relations, and media services. In March 2010, the College rebid medical insurance and placed a new contract with United Healthcare at a premium

reduction of \$1 million. These two sources of funds, the reduction savings, and the health care premium reduction are the major components in an expansion/investment fund of approximately \$2.7 million.

Across the College, twenty-seven positions were identified for elimination in 2011 and have been made available for reallocation into high priority areas.

**Harrison Education Center:** In June 2009 the College broke ground for the long-awaited expansion facility for the Harrison Education Center (HEC) currently located at the former Julia Davis Library Building on Natural Bridge Road. This new facility, located at 3140 Cass Avenue in the historic JeffVanderLou neighborhood of St. Louis City, is 32,000 square feet of visually appealing instructional and support space. A combination of funding from the 2008 bond issue, private funds, and college funds cover the \$10.5 million cost of constructing this green facility that is on target to achieve Gold LEED status following its completion. The staffing and operational commitment to the center totals \$982,891. This is achieved through the reallocation of existing HEC resources and an expansion that was planned in the 2011 operating budget.

The expanded space will allow for a substantial increase in credit programs offered by Forest Park academic units at the new center. Credit programming will include both traditional and nontraditional training options, as well as partnerships with neighboring educational institutions, such as dual enrollment opportunities with St. Louis Public Schools. The center will also provide non-credit programming including GED, continuing education in allied health occupations, and personal development. Finally, HEC will partner with Workforce and Community Development to provide workforce and economic development training opportunities that are responsive to regional workforce shortages.

The HEC has benefited from federal appropriations and federal and state grant funds targeted toward workforce training. Grant activity associated with the center is approximately \$1 million annually.

Operations for the new center will include a staff of nine full-time positions and five part-time continuing positions that are necessary for the effective delivery of programs and student support services. One of these full-time positions will be funded through the student technology fee to support instructional computer labs at the center. Additionally, auxiliary services will provide one new staff position dedicated to the center.

**Workforce Training Center:** In February 2010, the College acquired the former Circuit City facility located at 3344 Pershall Road. This three-acre parcel and 32,000 square foot building shares a property boundary with the Florissant Valley Campus in the northeast corner. The building requires renovation but is configured in such a way to support technical training. It is anticipated that this building will further enhance the existing partnership of Florissant Valley with Workforce and Community Development.

Concurrently, St. Louis Community College is collaborating with the City of St. Louis and St. Louis County on a Training for Tomorrow grant to develop new and expanded programs designed to re-train and re-employ individuals in the middle-skill jobs that will drive economic recovery. St. Louis City, the lead applicant, was awarded \$2,060,338 from the state of Missouri for this initiative. The funding is part of Governor Nixon's initiative to help community colleges create or expand programs serving additional students in disciplines that are expected to contribute to economic recovery. The funds will be used to plan and expand programs, develop curriculum and purchase equipment. These programs are required to align with regional and national efforts for economic recovery, local economic development initiatives, or areas where there are documented skills or labor gaps. STLCC has proposed to expand programming in the areas of healthcare and life sciences, aerospace and advanced manufacturing, interdisciplinary green technologies, and information technology.

This new North County facility is an excellent site for training in advanced manufacturing and green technologies. Since the Training for Tomorrow grant cannot be invested in "bricks and mortar" non-recurring College resources are being used for the property acquisition and facility renovation at an anticipated total investment of \$3 million.

Additionally, the college will match the Training for Tomorrow funds with \$1,163,735 in non-recurring college funds designated for Missouri Regional Technical Education Council (RTEC) initiatives in order to purchase equipment for this new facility and to fully support and implement these new programs.

The 2011 general operating budget is funding a site coordinator, one housekeeper, and limited first-year operating expenses for a total investment of \$144,300. This expense is offset by anticipated additional revenue.

**Instructional Support and Innovation:** Finally, the most significant recurring commitment made in the 2011 budget is in the area of instructional support. This investment totals \$1,379,352 and includes five separate investments. First, this 2011 budget funds the Chancellor's Innovation Fund, a competitive grant program designed to spur innovation in student learning and academic achievement. Applications will be taken beginning in mid-May with grant recipients announced in August 2010. The grant period is concluded on June 20, 2011. As a second commitment to student learning outcomes and academic achievement, STLCC has been accepted as a 2011 Achieving the Dream participant and is preparing for immersion into the process of focused improvement in academic outcomes. The orientation session is scheduled for late June and early July 2010. One additional developmental faculty line has been funded at Forest Park and at Meramec one advisor has been increased from a 36-week position to a 52-week position. Finally, an additional \$1 million has been added to the part-time faculty budget to support growing enrollment.

## Revenues

The 2010-2011 general operating budget recommendation totals \$164,522,043, an increase of \$2,363,637 which is 1.46 percent over the 2009-2010 general operating budget. Revenues are comprised of six categories: local taxes, state aid, maintenance fees, student technology fees, college activity fees, and other income.

**Local Taxes:** A local tax increase of 1 percent above the budgeted 2010 collection is included in the 2010 budget proposal. This increase is limited to \$621,288. The College is conservatively approaching any increase to local taxes because of declining property values coupled with the current tax rate of 21.36 cents which is close to the 22 cent legal maximum rate.

**State Aid Unrestricted:** Governor Nixon, in his January State of the State address, committed to reduce public higher education funding by no more than 5.2 percent for 2011 in exchange for public higher education's second commitment to hold tuition at the fall 2008 level. Because of this 5.2 percent reduction, state aid is declining by \$2,531,868. This agreement protects public higher education from further 2011 mid-year core budget reductions. The 2011 state budget for community colleges is built on general revenue and lottery proceeds equal to the 2006 state aid allocation with ARRA funds providing \$6.2 million, reducing the state's commitment to community colleges by \$7,715,626. Federal stabilization funds through ARRA expire at the end of fiscal year 2011. Statewide economic recovery and improved state revenues will be essential to protect the 2012 budget from significant reduction. Current projections of state revenues make a 2012 state aid reduction of 15 to 20 percent within the realm of possibilities.

**State Aid Restricted:** A portion of the state aid allocation is utilized to fund state designated programs such as the Regional Technical Education Center (RTEC) Programs and Temporary Assistance for Needy Families (TANF). These dollars flow into St. Louis Community College as part of the core state aid allocation and are then transferred to the restricted budget in accordance with the designated purpose of the allocation. The total restricted state aid allocation is \$3,278,561.

**Maintenance Fees:** Maintenance fee increases occurred in fall 2002, 2003, 2004, and 2005. While the College was able to forego an increase in fall 2006, the Board approved an increase for fall 2007, 2008, and 2009. In accordance with the 2010 and 2011 budget agreement with Governor Nixon, the fall 2009 increase was deferred. The College is committed to maintaining a student maintenance fee contribution to the general operating budget of approximately one-third. The 2010 budget includes a maintenance fee contribution of 28.8 percent fueled by significant credit hour production increases.

The fiscal year 2011 budget is built based on enrollment growth to 590,000 credit hours. This is an 12.4 percent increase in credit hours over the actual 2009 total credit hours. Enrollment has been trending upward significantly. Total maintenance fee revenue is projected at \$47,464,154.

St. Louis Community College continues to be committed to student affordability. Through institutional and Foundation scholarships as well as the A+ and Access Missouri scholarships, 3,334 STLCC students received scholarship assistance in FY 2009. Another 13,630 benefited from Pell and other forms of federal financial aid. To further enhance affordability, the College instituted a payment plan for student tuition. The plan had 10,213 participants in its third year, FY 2010. The fall 2009 semester had a 98 percent payment collection outcome and collections continue in the spring plan. The total maintenance fee revenue collected through the payment plan is \$7,740,648.

**Student Technology Fee:** This student fee is dedicated to the support of instructional technology. The fee is used to support hardware, software, staffing, and maintenance costs related to classroom technology. Any unexpended funds are carried forward to fund subsequent-year initiatives assuring that the students' investment is protected and dedicated to technology that directly benefits the most students. The technology fee is \$3 per credit hour and the projected 2011 budget is \$1,770,000.

**College Activity Fee:** This dedicated student fee supports college activities, athletics, student newspapers and radio stations, theater, student government leadership training, and student activities. The total allocation for this portion of the operating budget is \$1,652,000. Any unexpended funds in this category are carried forward to support subsequent-year initiatives. Additional college activity fee funds are budgeted in the general operating and capital budgets for public safety and pedestrian/traffic access and in auxiliary enterprises for the operation of the campus student centers. The fee allocation to the campus police departments and the capital budget is \$590,000. The allocation to auxiliary enterprises is \$708,000. This fee distribution takes place in accordance with Board Policy H 20.2. The college activity fee is \$5 per credit hour.

**Other Income:** This category of revenue is comprised of primarily three sources, (1) interest income on investments, (2) reimbursements for vocational funding, and (3) other miscellaneous revenues such as receipts for parking fines and rental of facilities.

### **Expenditures**

**Salaries:** This expenditure category is expanded to include the commitment to increased funding for part-time faculty, an additional developmental faculty line at Forest Park, and the conversion of three career program faculty from Perkins funding to general operating funding. While this budget development process resulted in the reduction of 27 full-time continuing positions, an addition of 25 positions in high priority areas is recommended, resulting in a slight reduction to the total labor count to 1,375 full-time positions.

**Benefits:** This was a rebid cycle for medical insurance with the College pursuing a fully-funded option and a self-insured option. Because of the significant premium reduction proposed by United Healthcare, the College continued in the fully-funded option. This expenditure category also increases because of the one-half percent increase in Public School Retirement System contributions, which is slightly greater

than \$300,000. The employee's and employer's contribution is increasing by one-half percent each to a total contribution of 28 percent.

Total salary and benefit costs are 72.5 percent of the 2011 general operating budget.

**Operating:** The operating budget includes a \$375,000 increase in maintenance agreements and increases related to the Harrison Center and BRDG Park. The revised operating budget for fiscal year 2011 is \$17,491,195.

**Student Technology Initiatives:** This expenditure category is funded through the dedicated student technology fee and is used to provide support for the creation or enhancement of general purpose instructional labs at each STLCC campus; the availability of electronic library resources; and the acquisition and continued support of instructional software agreements. Funding is provided to support the instructional learning tool Blackboard and the necessary external help desk option for students utilizing Blackboard. This fund also supports MOBIUS, the state's electronic library system.

In addition to these initiatives, ten ongoing personnel lines are funded to provide the staffing necessary to support instruction labs and make technology readily available to students. One additional line is added to support the Harrison Education Center for a total of eleven positions. As noted earlier, prior year funds are incorporated into the expenditure plan for a total 2010 budget plan of \$2,220,000.

**College Activities:** This expenditure item is also funded from a dedicated student fee and is used to support athletic travel, campus newspapers, campus radio stations, theater, music and art programs, special events, and student leadership. One third of this fee is dedicated to athletic team travel. This category of the budget utilizes 56 percent of the collected fee, or \$1,652,000. The remainder of the fee is allocated in the following manner: 24 percent to auxiliary enterprises for maintenance of the student centers, and 20 percent to public safety and pedestrian/traffic access for police department operating support, parking lot improvements, and vehicle replacements.

**Capital:** A detailed explanation of the 2011 capital allocation plan is contained in a separate document. The major source of funding for the capital budget is the allocation from the general operating budget. To fund the 2011 capital budget, \$8,680,000 is allocated through three sources: general revenue funds, designated state maintenance and repair funds, and public safety and pedestrian/traffic access funds. Expenditures in the capital budget support campus initiatives, instructional equipment and technology, furniture replacement, computer replacement, technology infrastructure maintenance, vehicle replacements, and maintenance and repair projects. In 2011, it is proposed that the allocation to the capital budget be reduced by \$235,000 to provide funding for the conversion of three career program faculty from Perkins to general operating funds. In exchange, Perkins funds will be identified for capital equipment acquisition in the career fields.

**Staff Development:** This expenditure category of \$1,781,063 supports the staff training and professional development opportunities for the 1,375 full-time employees and provides minimal support for part-time employees through group training and

development. The focus of the comprehensive Fall Professional Development Day in fiscal year 2010 was Improving Student Achievement with guest speaker Dr. Sandy Shugart of Valencia Community College. The theme of Spring Professional Development Day was Show Your True STLCC Colors.

This expenditure category also supports the Article XXXII initiatives and funds participation in the Missouri Community College Association, the League for Innovation in the Community College, the American Association of Community Colleges, the Association of Community College Trustees, and numerous other professional associations. The employee tuition reimbursement program is also funded through this budget.

**Institutional Contribution:** As the College seeks to attract federal funding and serve the community through expanded program offerings, this expenditure category provides the institutional match requirements of external programs.

**Transfers to Restricted Programs:** Contained within the state aid allocation to community colleges is funding for targeted initiatives. The Regional Technical Education Council (RTEC) is the source of funds for the Centers of Excellence in Network Technology, Manufacturing Technology, Plant and Life Sciences, and Advanced Imaging. The RTEC budget is \$2,784,676. Also contained in this expenditure category is the College's commitment to North County Cares and other student assistance and workforce enhancement initiatives that meet the guidelines of Temporary Assistance for Needy Families (TANF). TANF is funded at \$493,885.

**Student Aid:** A detailed student aid budget is incorporated into this document. The general operating budget contribution to the comprehensive student aid budget provides a match for federal grants and federal work study, and supports the College Trustees Scholarship. The College Trustees Scholarship fund supports academic, athletic, and activity scholarships.

**Leasehold Bonds:** Through the St. Louis Community College Building Corporation, the St. Louis Community College District may issue leasehold revenue bonds. Current outstanding bonds provide the debt funding for the acquisition of the Cosand Center; for the original property acquisition for the Wildwood campus; for a portion of the construction of the South County Education and University Center; for the construction of the new Wildwood campus; for the second property acquisition for Wildwood; and for the construction of the New Harrison Education Center.

**Utilities:** This expenditure category is increasing slightly to support the Harrison Education Center.

**Special Projects:** The special projects category provides funds to meet unanticipated expenditures and is funded at \$325,965 for FY 2011.

## 2010-2011 Expansion Funding

An expansion pool of \$2.7 million was generated to fund high priority initiatives related to student learning outcomes in three areas: instruction, innovation, and technology.

### **Instruction:** **\$2,080,000**

The Enrollment Management function as well as the impact of the recent recession and federal focus has emphasized the College's value and increased enrollment. A variety of investments are being used to meet the increased demand.

#### *Harrison Education Center* *\$700,000*

This facility (estimated LEED Gold) is already having a physical impact on the surrounding JeffVanderLou community. Initial operations of the relocated center, including nine full-time positions and a full complement of services, are included in the total budget of \$982,891. These additional funds are combined with the budget currently supporting existing operations at the former Julia Davis Library Building.

#### *Bio-Research and Development Growth (BRDG) Park* *\$ 300,000*

The College's Center for Excellence in Life Sciences provides potential for educational internships with some of St. Louis' leading biotech firms.

#### *Skilled Trades/Workforce Center* *\$144,000\**

This funding will be offset by additional revenues as the former Circuit City building in Ferguson, MO is renovated to support skilled trades training and provide classroom support in coordination with Workforce and Community Development. (\* Not included in category total.)

#### *Temporary part-time faculty pool increase* *\$1,000,000*

This directly supports growing enrollment throughout the District.

#### *Developmental Faculty and Advising* *\$80,000*

A large cadre of students enroll at STLCC without the requisite math and language ability needed in a college environment. Additional developmental and advising resources are critical to assist those determined to succeed.

### **Innovation:** **\$300,000**

Regardless of the current economy, planning to meet tomorrow's opportunities and challenges is a vital College priority. Just as some of today's most successful corporations started in adverse economic circumstances, when times are tough the tenacious plan to achieve a bright future.

#### *Chancellor's Innovation Fund* *\$150,000*

This is a competitive grant program designed to spur innovation in student learning and academic achievement.

#### *Achieving the Dream* *\$150,000*

STLCC has been accepted as a 2011 participant and is preparing for immersion into the process of focused improvement in academic outcomes.

**Technology:****\$410,000**

Information infrastructure, like physical infrastructure, requires investment for sufficient maintenance and improvements. The following items are representative examples:

- TouchNet enhances student account systems through online self service for accessing bills and bill payment as well as electronic disbursement of student refunds.
- Flexible and mobile registration support continuing education, workforce enrollment, and growing student enrollment.
- Document imaging increases information access for staff, allowing more interaction with students during registration and saving valuable storage costs.
- CurricuNET facilitates all phases of curriculum development and approval via the web.
- Banner operating system updates and additions enable more user-friendly and consistent outputs for reporting and analysis of critical data relating to students, employees and finances.

## **2010-2011 Reallocations**

Reallocations are designed to increase efficiency, redeploy resources to evolving high-priority areas, and assure that the College is providing value for money.

**Student Service and Support:**

Transition to the direct loan program, electronic disbursement of loans, and online payment plans have all streamlined processes on the campuses. These transitions combined with additional complexity in the loan administration process, the increase in students qualified for loans, and increased PELL activity require an additional person in Student Accounts. The additional headcount will enable the department to continue to provide both quality customer service and timely reporting to the U.S. Department of Education.

A Director of Financial Aid position is targeted to provide the College extensive knowledge and background to oversee financial aid and related issues district wide.

Funds reallocated to Enrollment Management will enable student workers to assist with campus events, tours and telecounseling as well as assist students with Banner self service.

TESS is increasing its flexibility through two part-time continuing positions at SCEUC. The transition to a targeted shift approach will support both faculty and students with a blended position model currently used at the Wildwood campus.

At Meramec, the open computer lab is being aligned with other campuses by reallocating funds from two part-time positions to one full-time position.

**Instruction:**

As previously indicated, the capital budget was reduced to permanently fund faculty positions in information systems, dental assisting and surgical technology.

**Innovation/Enhancement:**

The District's decision to adopt the Academic Quality Improvement Program (AQIP) as an alternative process to maintain accredited status with The Higher Learning Commission, combined with acceptance as an Achieving the Dream participant, results in a significant additional commitment to leadership in mission-critical areas of improvement, assessment, institutional research and accreditation.

Forest Park is reallocating funds from the library to support an instructional designer in the Center for Teaching and Learning.

**Fixed Costs:**

The current budget provided funds for a temporary part-time legal consultant in Human Resources. Funding a permanent position will continue to reduce and control related expenses.

Florissant Valley is reallocating funds for a part-time continuing position in the Academic Support Center.

Wildwood is supporting growing enrollment through part-time continuing positions in academic advising and student activities to facilitate campus life outside the classroom.

The Foundation is reallocating a classified support position to a professional communications position.

## Salary Implementation Procedures

~~(Effective July 1, 2007)~~

~~The minimum and maximum salary for each range will be enhanced by 3.0 percent effective July 1, 2007.~~

~~All administrators will receive a 4.0 percent increase in salary for fiscal year 2007-2008 unless such a salary increase causes an administrator's salary to exceed the maximum of the assigned range.~~

~~In cases where receipt of the full 4.0 percent increase would result in a salary greater than the maximum of the assigned range, the administrator will receive only that portion of the 4.0 percent salary increase which results in a salary no greater than the maximum of the assigned range.~~

~~(Effective July 1, 2008)~~

~~The minimum and maximum salary for each range will be enhanced by 3.0 percent effective July 1, 2008.~~

~~All administrators will receive a 3.5 percent increase in salary for fiscal year 2008-2009 unless such a salary increase causes an administrator's salary to exceed the maximum of the assigned range.~~

~~In cases where receipt of the full 3.5 percent increase would result in a salary greater than the maximum of the assigned range, the administrator will receive only that portion of the 3.5 percent salary increase which results in a salary no greater than the maximum of the assigned range.~~

~~(Effective July 1, 2009)~~

~~The minimum and maximum salary for each range will be enhanced by 3.0 percent effective July 1, 2009.~~

~~All administrators will receive a 4.0 percent increase in salary for fiscal year 2009-2010 unless such a salary increase causes an administrator's salary to exceed the maximum of the assigned range.~~

  - The Group agrees to engage in discussions regarding salary only in Fiscal Years 2012 and 2013.
- c. The lump sum payment is not added to base salary.
- d. The lump sum payment will be paid by separate check/electronic payment on or about July 16, 2010 and is subject to all legally required deductions and pension contributions.

2011-2012 Salary Provisions

Prior to the start of Fiscal Year 2011-2012, the College representatives and representatives of the Non-Unit Professional group will enter discussions limited to salary only.

2012-2013 Salary Provisions

Prior to the start of Fiscal Year 2012-2013, the College representatives and representatives of the Non-Unit Professional group will enter discussions limited to salary only.

**Other Salary Provisions**

- a. The minimum and maximum salary of each range on the 36-week salary schedule will be set at 75 percent of the minimum and maximum of each range on the 12-month salary schedule.
- b. Thirty-six week non-unit professional employees may receive additional compensation for any work performed in the same position classification that occurs outside the scope of the 36-week contract as defined on an annual basis by the employee's established work schedule. Such additional compensation will be prorated and set at 69.2 percent of the salary amount which would normally be paid under a 12-month contract in the same position.

**2008-2009 Salary Increase**

~~The Non-Unit Professional category of employees will receive an overall 3.5% increase. Application of the 2008-2009 increase will be made in the same manner as the application of the 2007-2008 increase.~~

**2009-2010 Salary Increase**

~~The Non-Unit Professional category of employees will receive an overall 4.0% increase. Application of the 2009-2010 increase will be made in the same manner as the application of the 2007-2008 increase.~~

### **6. Article X Vacation**

Add new Section 4

#### **Section 4 Vacation Scheduling**

All vacation approval is subject to the operational needs of the College. Vacations must be requested by the employee and approved by the supervisor in advance. An employee shall receive from his/her supervisor a written response of approval or denial within ten (10) working days following submission of a vacation request. Where vacations are requested for the same time period, seniority will be strongly considered in the decision as to who will be granted the vacation provided, however, that once a vacation request has been approved by the supervisor another employee may not displace that employee for those vacation dates.

### **7. Duration**

#### **ARTICLE XVII. DURATION**

It is the intent of the representatives of the College and the Union that the Board Policies incorporated in this Resolution will, upon approval by the Board of Trustees, remain in effect at least through 11:59 P.M. on June 30, 2013, subject to applicable law and the rights of the Board of Trustees. The Union recognizes the legal right of the Board of Trustees to change policy at any time. Subject to its right to make immediate changes deemed necessary by the Board, the Board acknowledges that the joint interests of both the Unit employees and the administration would, except in other than exceptional circumstances, normally be best served by advance submission of any considered changes in any specific provision of this Resolution to the Union for discussions with the administration regarding the reason for and the impact of such change.

The aforesaid are Joint recommendations and are made on behalf of the College and Local #6320 of AFT Missouri (AFT, AFL-CIO) on the 14<sup>th</sup> Day of June 2010.

Implementation Procedures for Salary Increases

2007-2008 Salary Increase

The non-unit classified office and technical employees will receive an overall 4.0 percent salary increase. This overall salary increase amount will provide increases according to the following guidelines:

- a. All non-unit classified office and technical employees will receive a 4.0 percent increase for 2007-2008 except in cases where receipt of the full 4.0 percent increase would result in a salary greater than the maximum of the assigned range on the 2007-2008 salary schedule. In such cases, the non-unit employee will receive only that portion of the 4.0 percent increase which results in a salary no greater than the maximum of the assigned salary range schedule.
- b. All non-unit classified office and technical employees whose 2006-2007 salaries are above the maximum of their assigned salary range on the 2007-2008 salary schedule will receive no salary increase.

2008-2009 Salary Increase

The Non-unit Classified category of employees will receive an overall 3.5% increase. Application of the 2008-2009 increase will be made in the same manner as the application of the 2007-2008 increase.

2009-2010 Salary Increase

The Non-unit Classified category of employees will receive an overall 4.0% increase. Application of the 2009-2010 increase will be made in the same manner as the application of the 2007-2008 increase.

## Salary Implementation Procedures for Fiscal Year 2010-2011

- a. Base salaries will not be adjusted for the 2010-2011 Fiscal Year.
- b. Each full-time Non-Unit Classified employee who was on the College payroll on April 1, 2010 and who is still on the payroll on July 1, 2010 will receive a one-time \$555 (five hundred fifty five dollar) lump sum payment provided:

- The Joint Recommendations are adopted by the parties and approved at the June 24, 2010 Board meeting.
- The Group agrees to engage in discussions regarding salary only in Fiscal Years 2012 and 2013.

The lump sum payment is not added to base salary. The lump sum payment will be paid by separate check/electronic payment on or about July 23, 2010 and is subject to all legally required deductions and pension contributions.

## **F.10 Layoff** <sup>(R 6/96)</sup>

[APF 9, F 9.1 - F 9.6]

*(For full-time office and technical unit and physical plant unit employees, see applicable Resolution.)*

Classified employees may be laid off when it becomes necessary by reason of shortage of work or funds, to effect the elimination of the position, or other material change in duties or organization. Before the layoff, employees may be placed in vacant positions for which they are qualified.

In the event the College lays off full-time continuing classified employees ~~within any location~~ for a period of more than seven calendar days, such layoffs will be made ~~by location~~ on the basis of seniority ~~at each location~~, within equal or lower job classifications. No full-time continuing classified employee will be laid off while a person is employed on a temporary, part-time continuing, or probationary basis in the same job classification. ~~anywhere in that location.~~ Employees will be laid off in accordance with procedures outlined in administrative procedures.

#15 Recommended Change of Location of the July 22, 2010 and August 26, 2010 Board Meetings

It is recommended that the Board approve changing its July 22, 2010 Board meeting from the Wildwood Campus to the South County Education and University Center, and the August 26, 2010 Board meeting from the South County Education and University Center to the Wildwood Campus.

## II. Instruction and Student Services

It is recommended that the Board of Trustees approve the **deactivation of Mass Communications: Broadcasting and Print Options Associates in Applied Science** approved and submitted by the District Curriculum Committee.

**Program:** Mass Communications: Broadcasting  
Mass Communications: Print  
Associates in Applied Science  
**Campus:** Florissant Valley, Forest Park & Meramec  
**Effective:** Fall 2010

### Impact Statement:

Mass Communications Associate in Applied Science is being revised and eliminating two degree options: Broadcasting and Print.

These degree options will be replaced by the following revised Mass Communications Associate in Applied Science.

It is recommended that the Board of Trustees approve the **revised Mass Communications: Broadcasting and Print Options Associates in Applied Science** approved and submitted by the District Curriculum Committee.

**Program:** Mass Communications  
Associates in Applied Science  
**Campus:** Florissant Valley, Forest Park & Meramec  
**Effective:** Fall 2010

### Impact Statement:

The primary purpose of this education program is to prepare students for entry-level positions in the mass communication field. Students in the program will learn the fundamentals of journalism, broadcasting, film, advertising, and public relations through a combination of basic liberal arts courses and advanced courses in print, broadcast, advertising, public relations and multimedia that emphasize hands-on experience. Students will acquire organizational, technical, speaking and writing skills and the ability to assess workplace trends and market themselves according to industry standards and expectations.

After completing a review of the program in the fall of 2008, the program review committee found that the FV, FP and MC campuses have both the ability and desire to offer the degree as another option for mass communications students. Expansion of the degree to the Florissant Valley and Meramec campuses was approved in the spring of 2009, and the degree in its original form became

active in the fall of 2009. The campuses subsequently conducted a tech scan and DACUM, the results of which showed that the program, while viable, needed to be updated to be responsive to the current media industries. The program was redesigned by mass communications faculty to satisfy this need.

The intended outcome of the program redesign is to increase the number of participants and graduates in the program by offering a current, relevant, and flexible degree program, which speaks directly to the first strategic goal of St. Louis Community College.

It is recommended that the Board approve the revised Biotechnology Associate in Applied Science and Certificate of Specialization approved and submitted by the District Curriculum Committee.

**Program: Biotechnology  
Associate in Applied Science  
Certificate of Specialization**  
**Campus: Florissant Valley**  
**Effective: Fall 2010**

**Impact Statement:**

The AAS-Biotechnology Program changes were determined by advisory committee input, discussions with transfer institutions, and STLCC faculty. To better prepare our Biotechnology students for work in industry and/or articulation to four-year institutions, BIO: 152 *Quantitative Methods in Biotechnology*, is converted from an elective to a required course in the AAS Program curriculum. In addition, the existing 5 credit hour BIO: 222 *Specialized Topics in Biotechnology* course is replaced by the requirement of 2 sections of the newly proposed 3 credit hour BIO: 226 *Advanced Topics in Biotechnology* (6 credit hours total). The addition of BIO: 226 *Advanced Topics in Biotechnology*, with its flexibility to address a variety of state-of-the-art specialties in each section of the course, will better prepare students for current life science positions in industry. These two changes will increase the total credit hours in the AAS Biotechnology Program from 73 to 75 credit hours, which is over the maximum hours allowed. Therefore, the electives in the AAS program will be dropped to bring the total to 71 credit hours.

##### **Description**

This new BIO-RAD Gene Pulser Xcell Electroporation System will generate both exponential and square waveforms enabling students to choose the waveform and protocol that will work best for cells. It is the only system available in the current market that can produce both waveforms and propose a specific and pre-optimized set of parameters for electro-transformation of commonly used bacteria, fungal and mammalian cells. This system will be used by students, scientists and faculty in the Plant & Life Sciences/BRDG Park program. BIO-RAD Laboratories is the manufacturer and sole source distributor of this product, precluding a competitive bid. BIO-RAD Laboratories is neither a known minority-owned nor woman-owned business enterprise.

#### 4.1.6 Recommendation for Award/Purchasing

Board approval is requested for the award of a contract for a one-time purchase of student instrument and supply kits for students enrolled in the 2010/2011 Dental Hygiene program at the Forest Park Campus to, *HU-FRIEDY MFG. CO., INC.* and *SMART PRACTICE*, for a total amount not to exceed **\$30,868.48**.

#### Description

This contract will provide up to thirty-two (32) required laboratory instruments and supply kits to incoming students enrolled in the 2010/2011 Dental Hygiene Program at Forest Park. Kit A will be supplied by Hu-Friedy Mfg. Co., Inc., and consists of a complete set of oral dental instruments. Kit B will be supplied by Smart Practice and consists of dental supply items, Kit C will be rebid at a later date due to changes in items specifications. College faculty will inspect all kits as students take delivery from the contractors to insure that they are complete, meet all specifications and are free from defect prior to the students rendering payment. Any defective or malfunctioning items will be replaced by the contractors at no additional charge to the students over the two-year life of the study program. Twenty-three (23) bids were solicited, only two responses were received. No known minority-owned nor woman-owned business enterprise participated in this bid process.

PayneCrest Electric, Inc.	58,669.00
Kaiser Electric, Inc.	79,800.00
Reinhold Electric, Inc.	82,210.00

**Description:**

A key component of the campus electrical system, the “B” feeder cable, was damaged during annual maintenance and testing. (The cable was damaged during routine “high-pot” testing to ensure its viability) The campus system was transferred to the “A” feeder, meaning the campus has no backup electrical service should the “A” feeder fail. Should this failure occur the campus would need to be closed for the duration of the repairs. A power shut down will be required while the feeder is worked on, so the repairs needed to be carefully timed to be completed before school starts in August.

- 5.2.1 Ratification of Investments/Daily Repurchase Agreements executed during the month of May 2010.

**Executive Summary June 24, 2010  
(Financial Results Through 05/31/2010)****Revenue**

The Budget Status Summary Report shows Actual (Year) to Date revenue of \$161.8 million or 99.8% of the budgeted FY 2010 revenue, as compared to prior year-to-date revenue of \$156.2 million or 97.6% of the prior year budget. Total Revenues are \$5.6 million or 3.6% higher for the first eleven months of FY 2010 over FY 2009. Student Fee revenue is \$6.2 million or 14.3% higher than the comparable eleven months of the previous fiscal year and is expected to continue to show increases over the previous fiscal year due to strong enrollment trends. Local Tax revenue collected is equal to the previous fiscal year collection levels and has met the FY 2010 budget goal. State Aid, as planned, is comparable to last year and includes \$3.9 million ARRA funds. Other Revenue is \$0.9 million lower than prior year and continues to reflect low interest rate yields on investments.

**Expenditures**

YTD expenditures for FY 2010 are \$130.2 million or 89.6% of budgeted expenditures, as compared to \$122.3 million or 85.8% for the prior year. The overall year-to-year increase of \$7.9 million in Total Expenditures is primarily comprised of increases in salaries, wages, and staff benefits costs. Wage rate increases and higher instructional delivery expenditures related to rising enrollment are the drivers of the higher expenditures. Operating expenditures are \$1.2 million or 6.5% higher than last year due to the timing of recording License and Maintenance Agreement expenditures.

**Transfers**

Transfers are \$27.8 million or 96.3% of the revised budgeted transfers, as compared to \$17.0 million or 96.8% of the budgeted transfers for the prior period. Fund transfers of \$11.8 million from Unrestricted Undesignated fund balance to Plant fund, which was approved at the January Board of Trustee meeting, and lower planned capital are the primary reasons the total for FY 2010 is \$10.8 million higher than the total for FY 2009.

## **BOARD RECOMMENDATION**

### **8.0 Insurance Recommendations**

#### **INSURANCE RENEWALS**

##### **8.1 Property Insurance Renewal**

It is recommended that the Board of Trustees approve the renewal of the property insurance offered by the Midwestern Higher Education Compact through the Lexington Insurance Company, effective July 1, 2010 through June 30, 2011. The policy limit is \$ 431,445,286. The renewal premium of the policy will be \$170,768 (\$0.039 per \$100 of values). This is an increase of \$ 8,818 (00.94%).

This insurance plan provides all of the coverage the College had in the past. It also includes \$100,000,000 in earthquake insurance without restrictions because of the New Madrid Fault Zone. Additionally, the College will have \$100,000,000 of terrorism coverage which includes both certified events (international based) and non-certified (special-interest groups/protests).

Conditions in the insurance industry may cause the premium amount to change as the actual renewal date approaches. If this occurs, the Board of Trustees will be notified of the new premium.

##### **8.2 Intercollegiate Athletic Medical Excess and Catastrophic Insurance Renewal**

The College's insurance broker, Lockton Companies, examined and analyzed the athletic medical and catastrophic insurance market and found that the policy offered by Summit America would best meet the needs of the College.

It is recommended that the Board of Trustees approve the renewal of the intercollegiate athletic medical excess and catastrophic insurance coverage with Summit America for the annual premium \$ 49,845. The plan is designed to cover medical expenses for intercollegiate athletic injuries after the athlete exhausts the benefits of his/her personal medical insurance, if applicable, following meeting of a \$1500.00 deductible with coverage up to \$25,000.00 per accident. The catastrophic insurance is designed to cover injuries with costs in excess of \$25,000.00 following exhaustion of the student's personal medical insurance, if applicable, up to the maximum of \$5,000,000.00 per injury.

The rearrangement of the Intercollegiate Sports program and the increasing of the policy deductible have resulted in a saving of \$ 22,065.

This coverage is from August 1, 2010 through July 31, 2011.

### **8.3 Workers Compensation Excess Insurance Renewal**

The College's broker, Lockton Companies, took the workers compensation excess insurance renewal to the market and found that the plan offered by the Safety National Casualty Corporation best fits the needs of the College.

The plan is designed to cover workers compensations expenses for claims that exceed \$300,000 and employers' liability maximum limit of \$1,000,000 per occurrence. This insurance is a requirement of the State of Missouri's Division of Workers Compensation in order for the College to operate its self funded Workers Compensation Program. The annual premium is \$93,588. This is a decrease of \$ 4,696 (4.5%)

The insurance coverage would be effective July 1, 2010 through June 30, 2011. .
