St. Louis Community College Foundation invites you to join us at our **18th annual Falling in Love in Five Courses Gala on Sat., Feb. 21 at Four Seasons Hotel St. Louis**. This signature event features a five-course meal carefully curated by the award-winning chef and cookbook author, **Chef Jeff Henderson**, who will prepare an extraordinary feast. This evening of culinary creativity includes inspiring talks from student and alumni speakers, and live and silent auctions.

We invite you to **join, renew, or upgrade** your sponsorship and **truly make a difference in the lives of our students**, as they move toward productive careers and beyond. Sponsorship features are on the following pages. Register at stlcc.edu/falling-in-love. If there are any questions, an invoice is needed, or if there is a formal process to request a sponsorship, please contact **Kamille Pope** at kpope5@stlcc.edu.

Funds raised during the Falling in Love in Five Courses Gala help support St. Louis Community College students and programs. Since 1984, the STLCC Foundation has provided essential financial support for tuition, books, supplies, transportation, college programs, and student emergency funding to help students achieve their academic and career aspirations.

We appreciate your efforts in helping St. Louis Community College *empower students, expand minds, and change lives*. We hope to see you Sat., Feb. 21 to share an outstanding culinary experience you and your guests will truly enjoy!

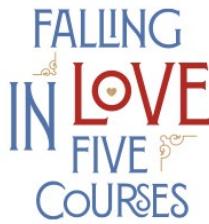

About St. Louis Community College

Through a changing economy and sharp increases in the price of higher education, STLCC has provided opportunity for all. As the largest higher educational institution in the region, STLCC has served more than 1.3 million students. Over 50% of households in the St. Louis area are represented in our former and current student body. Since 1962, St. Louis Community College has held fast to the fundamental belief that education has the power to lift us up — as individuals, as communities and as a city.

Today, STLCC offers associate degrees, certificates, college transfer degrees, career development and workforce training. We have 22 college-transfer options and nearly 80 career programs. The College's goal is to position our students, and our region for success by providing trained workers in health care, information technology, advanced manufacturing, automotive/diesel technology, culinary/hospitality, and truck driving, among others. As we launch students into new and better careers, four-year degrees and richer lives, we strengthen St. Louis one student at a time.

Sincerely,

Kamille Pope
Coordinator, Annual Giving & Events
