How can I prepare for the TEAS?

You can and should prepare for the TEAS Test.

- The [2022-2023 Official ATI TEAS Study Manual](#) contains content review and practice tests. Study manuals are available for purchase on the [ATI website](#) and is also available for use at all STLCC libraries (ask at the circulation desk). Practice questions are included in the manual.
- Online TEAS Practice Tests, ATI TEAS SmartPrep and TEAS Basic Packages are available for purchase through the [ATI website](#).
- The TEAS exam includes reading, math, science especially A&P, and English and language use. Courses/Program Pre-Reqs you may want to consider completing prior to taking the TEAS exam to increase your chance of achieving a composite score at or above the required benchmark of 58.7% include:
 - Met the Reading prerequisite
 - Met the Math prerequisite
 - Completed ENG 101
 - Completed CHM 101
 - Completed BIO 207 and/or BIO 208

When will I receive my results? Results are available on-line at the conclusion of the test. Detailed results may be accessed through your [ATI account](#).

What if I don't meet the TEAS Benchmark Score?

- Students scoring below the suggested 58.7%, do not satisfy the STLCC Nursing program TEAS pre-admission requirement. Students may take the TEAS three times in a 12-month period. Students must wait 30 days between attempts. During the waiting period students are strongly encouraged to remediate. A Focused Review is available in your ATI account. STLCC will not accept test scores taken prior to the end of the 30-day waiting period, regardless of the score obtained or location of the test.
- Nursing Retention Coaches are available to discuss your results and help you design a remediation plan. If you plan to retest and would like to meet, please contact a Nursing Retention Coach. Email communication is preferred.
