

A photograph of two male students wearing safety glasses, focused on a task. One student is holding a pen and writing on a clipboard, while the other looks on. They are in a workshop setting with a large metal structure visible in the background.

# Boeing Pre-Employment Training Sheet Metal Assembler Riveter or Composites

Designed for **second semester high school seniors**, this Boeing funded program provides employer-specific instruction in aircraft assembly techniques for Assembly Mechanic positions at Boeing.

## How to apply:

1. Submit your resume to [boeingtraining@stlcc.edu](mailto:boeingtraining@stlcc.edu). Put **"BOEING HS CLASS"** in the subject line of the email so it stands out. Make sure to use an email address that can receive emails back from us. Usually, school email accounts will not accept external emails. Be sure to include all skills, hobbies, tools and work experience that would reflect your mechanical aptitude on your resume. **Deadline for resume submission is November 1, 2024. NO EXCEPTIONS.**
2. Students will be emailed information session dates and are encouraged to bring parents/guardians to the session. **Information session attendance is mandatory.** *If you are under the age of 18, a parent or guardian must attend the information session with you.*
3. **Attend Measurement/Layout training and pass assessment.** This will be scheduled in conjunction with the information session.
4. Submit a signed letter of recommendation from a faculty member at your high school.  
**This letter must state the following:**
  - No risk of the student not graduating
  - Student has no disciplinary/attendance issues
  - The school recognizes the student as a good candidate for the training.

## Pre-Employment Training Eligibility:

- Second semester high school senior
